HISTORY

You pronounced 'bonjour' as 'bonzhur.' The correct pronunciation is 'bon-zhoor.' Practice by focusing on the 'n' and 'jour' sounds separately.

Your accent in 'parlez-vous français?' sounded more like 'par-lay voo franzay.' Aim for a clearer 'par-lay voo frahn-say' pronunciation.

You used 'bibliothèque' to mean 'bookstore,' but it actually means 'library.' Consider using 'librairie' for 'bookstore' instead.

In the sentence 'Je vais à la travailler,' the correct preposition is 'travail' instead of 'travailler.' The correct sentence is 'Je vais au travail.'

Your tone in 'excusez-moi' sounded too casual. Try to sound more polite and formal, like 'ex-cu-sez-mwa.'

In 'j'aime ça,' the emphasis should be on 'aime,' not 'ça.' It should sound like 'zhem sah,' not 'zhem sah.'

In 'tu allais à la plage,' the correct conjugation of 'aller' is 'allais,' but it should be 'vas' for 'tu.' The correct sentence is 'tu vas à la plage.'

Instead of saying 'Je suis allé à la magasin,' try 'Je suis allé au magasin' to indicate 'to the store' correctly.
